

Aka-Piatto

Aka-Piatto is a series of diamond grinding discs in grit sizes P80 to P1200.

There are a number of benefits from using Aka-Piatto over grinding paper.

- several grinding paper stages can be substituted by a single stage on Aka-Piatto
- Fully plane sample without any "half moon" effect
- Absolute edge retention due to diamond abrasive in a resin bond
- Plane and fine grinds all materials harder than HV150

Unique to Aka-Piatto is the colour coded binder and wear compensated surface design which increases the planeness of the samples and increases the life of the Piatto discs.
